

GM 350 ACCUMULATOR COVER

H I G H P E R F O R M A N C E T R A N S M I S S I O N P A R T S

FEATURES & BENEFITS

- Machined from billet aluminum
- Cover will not fall out of position like OEM covers
- Dual o-ring design prevents leaks
- Can be used with or without accumulator spring

Part No.

35988-01K

1 Accumulator Cover

2 O-Rings

PART SUMMARY:

Sonnax now offers **35988-01K**, a machined aluminum accumulator cover for use in any GM 350 application. Machined from billet aluminum, this part provides a strong yet lightweight alternative to OEM accumulator covers. The dual o-ring design eliminates leaks and ensures the cover stays in position when used without an accumulator spring.
