

TRANSMISSION REPLACEMENT PARTS

AX4N (2000 & UP)

SEALED PUMP BEARING

Features & Benefits:

- **Direct OEM replacement**
- **Prevents having to purchase complete pump**

Part No.

96419-01

1 Replacement Bearing with Integral Seal

PART SUMMARY

Sonnax now offers a replacement bearing with an integral seal for late model AX4Ns. In late-model AX4N vehicles the pump bearing was modified by Ford. The Sonnax part is a direct replacement for the OEM bearing. Be sure the bearing is installed with the seal toward the valve body side.

Also available parts/kits:

96855-01(K) Sealed bearing for early model pump bodies AXOD, AXODE, AX4S and early AX4N

96077-01 Unsealed bearing for early model pump bodies AXOD, AXODE, AX4S and early AX4N
