

**Features & Benefits:**

- Fits both style washers early and late
- Machined from medium carbon steel
- Hardened for wear resistance

**Part No.**

**96849-01K**

1 Stator Support Shaft

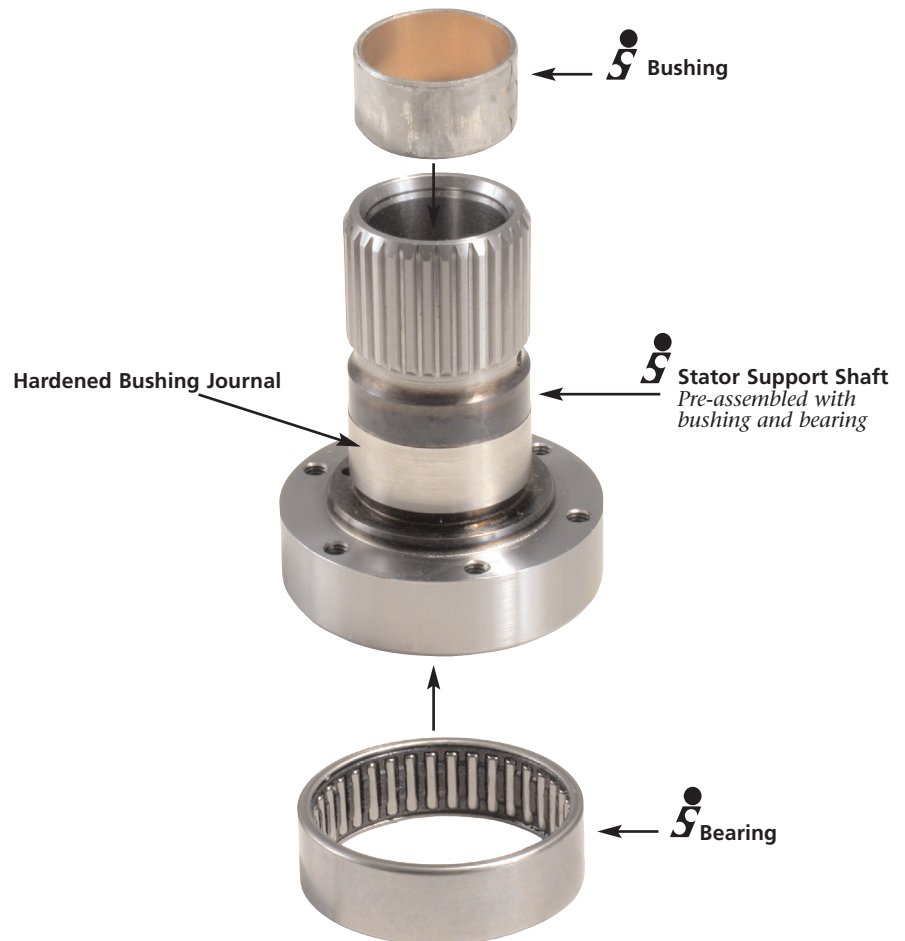

Note: Bushing and bearing come assembled in shaft

Also available

**Part No.**

**96849-02K**

1 Stator Support Shaft, AX4N, '04-Up & 4F50N

**PART SUMMARY**

The soft cast iron OEM shaft wears on the converter bushing journal, requiring that this shaft be replaced. The new Sonnax shaft **96849-01K** is machined from medium carbon steel and the bushing journal is hardened for wear resistance.
