TORQUE CONVERTER PARTS CATALOG VOLUME 6 & ONLINE CATALOG AT WWW.SONNAX.COM

AL-WA-2 is:

Item Number 7 for Allison 1000/2000/2400 on page 40.

Sonnax now offers **AL-WA-2**, an aluminum stator cap/bearing adapter for the impeller side of the stator. The **AL-WA-2** is designed to adapt the late-model impeller bearing **AL-N-1** for use in early-model applications. Machining of the OEM impeller hub is required to accept the **AL-N-1** bearing. Alternatively, the OEM impeller hub may be replaced entirely with the **AL-90-3G** impeller hub, coming in 2008.
